

We want every child at Marrero Academy to eat healthy and be physically active. That's why we are asking you to help your child sign up at Fueluptoplay60.com. Fuel Up to Play 60 is a program founded by the National Dairy Council and NFL, in collaboration with USDA, that empowers students to take charge in making small, everyday changes at school. Students can win cool prizes, like an NFL player visit to the school or Super Bowl tickets, for choosing good-for-you foods and getting active for at least 60 minutes every day. We want kids to make a difference not only in their lives, but also their community.
